

DAPHNE BIO

DAPHNE is a singer-songwriter, choreographer and performer based in Toronto, Ontario. Since beginning her music career in 2021, she has been studying at Toronto Metropolitan University's Professional Music Program. She was selected for the Canadian musicians cooperative Pre-Professional Artist Development Program as well as the University of Westminster's two week long songwriters workshop. Her bedroom pop and indie rock stylings sonically blend the dreamy, vibrant sounds of BENEE and Still Woozy with the warm energy of the Backseat Lovers. With colourful melodies and expressive language, she compels listeners to turn up the volume and roll down their windows. Songwriting is her therapy. By exploring internal struggles through upbeat structures, she seeks to inspire herself and her listeners to stop taking life so seriously.

DAPHNE has performed at the Supermarket, Painted Lady, Tail of the Junction, The Bunker Productions, Taco Taco, Innovation Studios HQ, Playground Cafe and The Met Campus Pub. Since the age of three, DAPHNE has trained and competed intensively in hip-hop, jazz, ballet, tap, contemporary, modern and several other dance styles. Her extensive background in dance and choreography adds an extra layer of excitement to her shows, creating a lively and dynamic experience. DAPHNE will continue spreading her positive message through her much-anticipated debut single, set to release in 2024.
